IN THE CLAIMS:

Cancel claim 12, without prejudice.

Amend 3, 4, 5, 8, 9, 10, and 11 to read as follows:

A6

3. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the locating unit is capable of periodically determining the location of the personal organiser and making that available to the alert processor.

4. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the memory is capable of storing information defining the location of the place specified for the appointment entry.

A6
5. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the alert processor is capable of estimating the journey time needed to travel from the location of the personal organiser to the location of the place of the appointment entry and actuating the alerting unit at a period before the stored time for an appointment entry that is dependant on that journey time.

8. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

A7
9. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

10. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the alert is an audible alert.

11. Location-dependant personal organiser apparatus as claimed in claim 1, wherein the alert is a silent alert.

Add the following new claims:

13. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the locating unit is capable of periodically determining the location of the personal organiser and making that available to the alert processor.

14. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the memory is capable of storing information defining the location of the place specified for the appointment entry.

15. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the memory is capable of storing information defining the location of the place specified for the appointment entry.

16. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the alert processor is capable of estimating the journey time needed to travel from the location of the personal organiser to the location of the place of the appointment entry and actuating the alerting unit at a period before the stored time for an appointment entry that is dependant on that journey time.

17. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the alert processor is capable of estimating the journey time needed to travel from the location of the personal organiser to the location of the place of the appointment entry and actuating the alerting unit at a period before the stored time for an appointment entry that is dependant on that journey time.

18. Location-dependant personal organiser apparatus as claimed in claim 4, wherein the alert processor is capable of estimating the journey time needed to travel from the location

of the personal organiser to the location of the place of the appointment entry and actuating the alerting unit at a period before the stored time for an appointment entry that is dependant on that journey time.

19. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

20. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

21. Location-dependant personal organiser apparatus as claimed in claim 4, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

22. Location-dependant personal organiser apparatus as claimed in claim 5, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

23. Location-dependant personal organiser apparatus as claimed in claim 6, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

24. Location-dependant personal organiser apparatus as claimed in claim 7, wherein the locating unit is capable of determining the location of the personal organiser by means of a cellular telephone network.

25. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

26. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

27. Location-dependant personal organiser apparatus as claimed in claim 4, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

28. Location-dependant personal organiser apparatus as claimed in claim 5, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

29. Location-dependant personal organiser apparatus as claimed in claim 6, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

30. Location-dependant personal organiser apparatus as claimed in claim 7, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

31. Location-dependant personal organiser apparatus as claimed in claim 8, wherein the personal organiser is capable of acting as a cellular telephone for at least one of making and receiving telephone calls.

32. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the alert is an audible alert.

33. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the alert is an audible alert.

A8
34. Location-dependant personal organiser apparatus as claimed in claim 4, wherein the alert is an audible alert.

35. Location-dependant personal organiser apparatus as claimed in claim 5, wherein the alert is an audible alert.

36. Location-dependant personal organiser apparatus as claimed in claim 6, wherein the alert is an audible alert.

37. Location-dependant personal organiser apparatus as claimed in claim 7, wherein the alert is an audible alert.

38. Location-dependant personal organiser apparatus as claimed in claim 8, wherein the alert is an audible alert.

39. Location-dependant personal organiser apparatus as claimed in claim 9, wherein the alert is an audible alert.

40. Location-dependant personal organiser apparatus as claimed in claim 2, wherein the alert is a silent alert.

41. Location-dependant personal organiser apparatus as claimed in claim 3, wherein the alert is a silent alert.

42. Location-dependant personal organiser apparatus as claimed in claim 4, wherein the alert is a silent alert.

43. Location-dependant personal organiser apparatus as claimed in claim 5, wherein the alert is a silent alert.

44. Location-dependant personal organiser apparatus as claimed in claim 6, wherein the alert is a silent alert.

45. Location-dependant personal organiser apparatus as claimed in claim 7, wherein the alert is a silent alert.

46. Location-dependant personal organiser apparatus as claimed in claim 8, wherein the alert is a silent alert.

47. Location-dependant personal organiser apparatus as claimed in claim 9, wherein the alert is a silent alert.
